**LKC** has invested in building a technology-based consultancy that addresses the needs of owners and managers in the technology field. A simple principle of providing the very best service to our clients with unwavering principles of quality, integrity and values are our goals. Whether that service consists of introducing a "mom and pop" shop to the world of digital information, designing and implementing a corporate WAN, or improving the effectiveness of an already installed network, **LKC** formulates the appropriate business solution.

**LKC** provides cost-effective solutions that allow our clients to maximize their time and money by balancing current and future needs.

By incorporating client's feedback, we are constantly reinventing ourselves to persistently fine-tune the services we offer. We also form alliances

with other organizations to augment resources we currently provide to clients. It is our belief that continuous improvement is necessary to expand resources in order to meet the growing needs of our clients.

**LKC** strives to attain its' mission by working within a framework of carefully selected core values:

- Conduct everyday business with a commitment to ethics.
- Commit ourselves to operational excellence as we deliver customer value through our services.
- Provide transparency in business delivery - our clients will know how we provide services, when we will do it, and will meet the expectations that we have both agreed upon.
- Give back to the community as solid corporate citizens.
- Maintain a constant transfer of knowledge to our clients.

***"Without you,  
we can not be us"***

## ***Customer Feedback***

"LKC was organized, efficient, and willing to do whatever was needed to get our phone system up and running with no down time."

### ***South Plaza Counseling, LLC***

"We discussed our entire infrastructure needs to determine the best options for our company. LKC provided the sage advice, products and services to improve our technology experience. We highly recommend them and look forward to our continued partnership."

### ***PaintSmith Inc.***

"We look to LK Communications for all our technology needs. They have given invaluable advice, both when they can provide the solution or we have gone with a product or service they don't handle. We trust their opinion and look forward to growing with them. "
